The P.A.C.T. Program - For those who are serious about their success

Classroom learning is only one part of your journey to personal freedom.

The other part lies in how you take that knowledge and apply it to your everyday life.

>> For those who are serious about success, Freedom Personal Development has developed the P.A.C.T. Program:

- Personal
- Accountability
- Coaching and
- Training

This one-on-one immersion program takes the concept of personal life coaching to a level where personal freedom is not just a goal, it is a reality.

In this program you will meet regularly with a Success Mentor to guide you through the challenges and influences in your life so that you may reach harmony and balance.

- Develop unconscious competence to achieve any goal you desire
- Remove the obstacles that constantly get you off track from your path for success
- Define your core values and deepest purpose to unleash the power of your personal motivation
- Achieve harmony between work and, well, everything else
- Develop a personal strategy for genuine peace of mind

Do not miss the opportunity to be personally coached by experts who have lived the path of business and personal freedom first hand.

Client Buzz

“I am much more focused with my time and can see the important tasks in each day as well as the off hours enjoyment of time spent with family. We have just completed the first quarter of our fiscal year and are nearing \$100,000.00 labor saving on one of my key points. We are on target to meet or exceed this goal and because of my coaching experience it is a focus for the entire company.”

“My coaching experience was by far the most influential time of my adult life time to date. I immediately showed growth in maintaining my positive attitude and increasing my productivity. I learned to push myself without complicating my life. In fact, the more I learned, controlling my life became easier. My training was invaluable and irreplaceable to me. Now I am finally free.”
